

COOK HOSPITAL REPORT ISSUED

**Charity Cases Cause of Deficit
in Operation of Local
Institution.**

Cook Hospital's financial statement for April, showing income and expenses for the month, shows a loss of \$45.50 in operating the institution for the month. This loss is due to inability to collect debts owing the hospital from patients who have received treatment.

It is impossible to collect from all patients, it is pointed out, as numbers of patients are received with the knowledge that they will never be able to make payment. Such was the case of an unfortunate colored man who was discovered with pneumonia in an empty box car in the local railroad yards. The man died in the institution after lingering but a short time. He had the best care that physicians and nurses could give, no payment was received for his treatment and none was expected. Other patients are treated every month who will never discharge their debts, or who will be so long in doing so that the hospital cannot count on their payments to help carry current expense. Every public institution meets this same problem.

The statement for April shows: Incomes from rooms and wards, operating rooms and ambulance service \$5,887.92.

Expenses—kitchen and table \$1,625.51; laundry \$455.78; hospital supplies and drugs \$886.16; building repairs \$261.30; electric light and power, \$89.45; water and fuel \$230.90; ambulance expense \$92.18; salaries \$1,417.38; sundry expenditures \$116.72; taxes \$20; insurance premiums \$62.19; hospital equipment \$31.30; equipment for new operating room \$31.88; monthly loss for bad accounts \$312.08. The total expenses are \$5,933.42; and the net loss in operating hospital for April is given as \$45.50.

LAW REQUIRES LICENSE PLATES BE TRANSFERRED

License plates and the certificates of registration must be turned over to the new buyer when a second-hand sale of an automobile is being made, according to a local official, in citing the law relating to motor vehicles. The transfer is to be written on the back of the registration certificate, it is said.

The law on the sale of second-hand cars follows:

"Upon the transfer of ownership of any motor vehicle its certificate of registration and the right to use the number plates or markers shall expire, and it shall be the duty of the original owner to immediately notify the commission of the name and address of the new owner, and to deliver to the purchaser the license certificate and plates or markers belonging thereto. It shall be the duty of the purchaser immediately to file with the commission an application for a transfer of such registration accompanied with said certificate for which the commission shall issue a transfer certificate and charge a fee of \$1. If such license certificate be not filed the purchaser shall be charged a fee of \$2 for said license transfer certificate."

SENATORIAL FIGHT BECOMING BITTER

Claims of 'Mattress King' Re-garded as Ridiculous by Many

By CLYDE H. EAST.
CHARLESTON, W. Va., June 5.—The Republican senatorial situation is rapidly approaching the mud-slinging stage, in the opinion of veteran political observers here.

The extravagant claims of C. F. Edwards of Huntington that he is assured of 90,000 votes with the primary a month distant is believed to herald the approach of the phase of the campaign when personalities are injected into the fight.

A well known Republican of Charleston, learning that Mr. Edwards had said Senator Davis Ellwood would give him Edwards 30,000 votes, asserted that if he were assured of 3,000 votes, he himself would run.

H. C. Ogden, the Wheeling candidate, has developed a smooth organization. Being a newspaperman, he realizes the value of publicity and his workers are literally flooding the state with material.

The Republican newspapers are greatly divided on the candidates. While some of them are taking no part in the primary campaign, each of the G. O. P. candidates has his press following, with the odds possibly favoring the Wheeling publisher.

On the four candidates, Mr. Ogden and A. L. Lilly are perhaps the most active. The former opened his campaign Monday night at Parkersburg before a large audience.

General Lilly will invade "the enemy's territory," June 7 and 8 when he enters Brooke and Hancock counties on a spell-binding tour. Last Tuesday he spoke to 3,000 persons at Buckhannon, later going to Weston, Philippi and Parsons. He will be at headquarters June 6.

Dr. G. W. Otto of Wheeling, who is closely identified with the Ogden campaign, was a visitor here the latter part of the week and held conference with party leaders. He said he is sure of Mr. Ogden's nomination.

The chief event in Democratic circles was the receipt by former Senator Clifton of a message from the Brotherhood of Railway Trainmen, pledging support if he would announce his candidacy.

A Democratic aspirant may be expected to announce soon, as only four weeks remain before the expiration of the time limit fixed by law for political announcements.

These must be in the hands of the secretary of state on or before June 30.
